Timetable

- 9:00 Welcome & Introduction, Roland Hischier
- "Introduction to ecoinvent version 3", Emilia Moreno Ruiz
- 10:45 Coffee break
- 11:15 "Choosing the system model for your specific application", Bo Weidema
- "New on ecoinvent version 3", Emilia Moreno Ruiz
- "ecoQuery and ecoinvent support", Tereza Levova

ecoinvent version 3 - Users and Data Providers Meeting

Introduction

 Agroscope

 **EMPA**

ETH

Roland Hischier

Member of the ecoinvent Board

Empa, St. Gallen

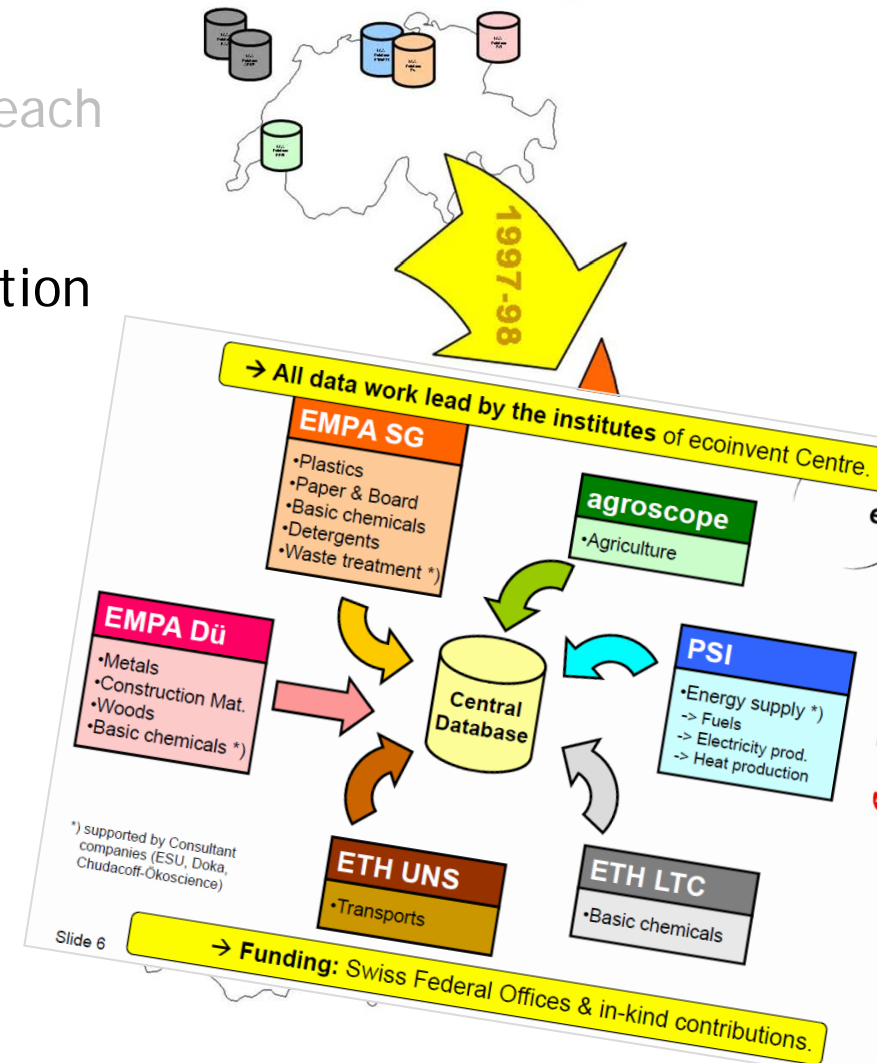

Introduction

ecoinvent v1 - «harmonisation» & «concentration»

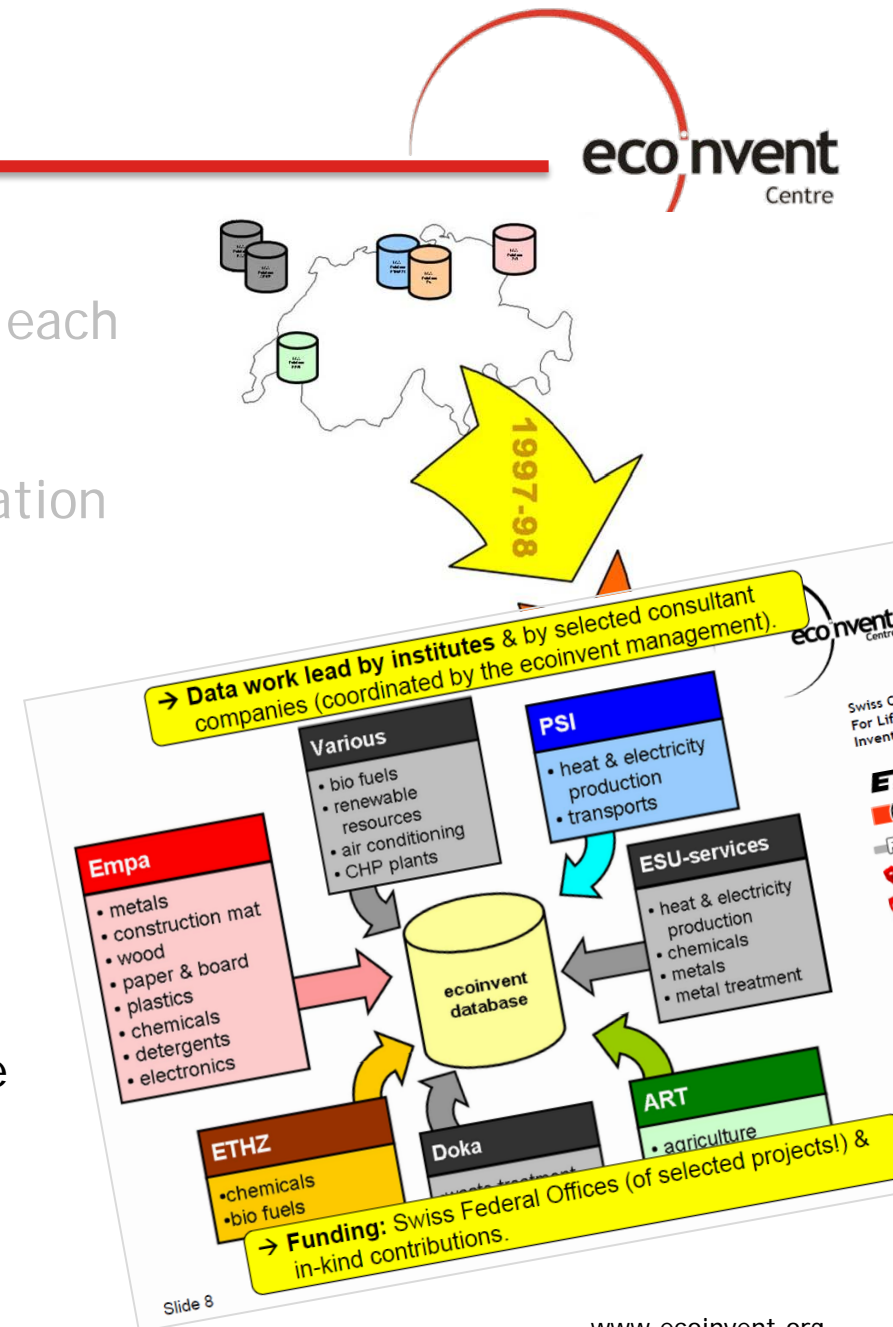

- Before 1996: Different institutes (ETH, ...), each with their database
- 1997-1998 / **Pilot project**: system specification and first draft version of quality guidelines
- 2000-2004 / **Project „ecoinvent 2000“**:
 - ⇒ finalisation of ecoinvent quality guidelines
 - ⇒ establishing the database ecoinvent v1 (~ 2700 unit processes)
- 2005-2008 / **Project ecoinvent v2**:
 - ⇒ update and extension of ecoinvent database from v1 to v2 (~4'000 unit processes)

Introduction

ecoinvent v2 - «maintaining» & «extension»

- Before 1996: Different institutes (ETH, ...), each with their database
- 1997-1998 / **Pilot project**: system specification and first draft version of quality guidelines
- 2000-2004 / **Project „ecoinvent 2000“**:
 - ⇒ finalisation of ecoinvent quality guidelines
 - ⇒ establishing the database ecoinvent v1 (~ 2700 unit processes)
- 2005-2008 / **Project ecoinvent v2**:
 - ⇒ update and extension of ecoinvent database from v1 to v2 (~4'000 unit processes)

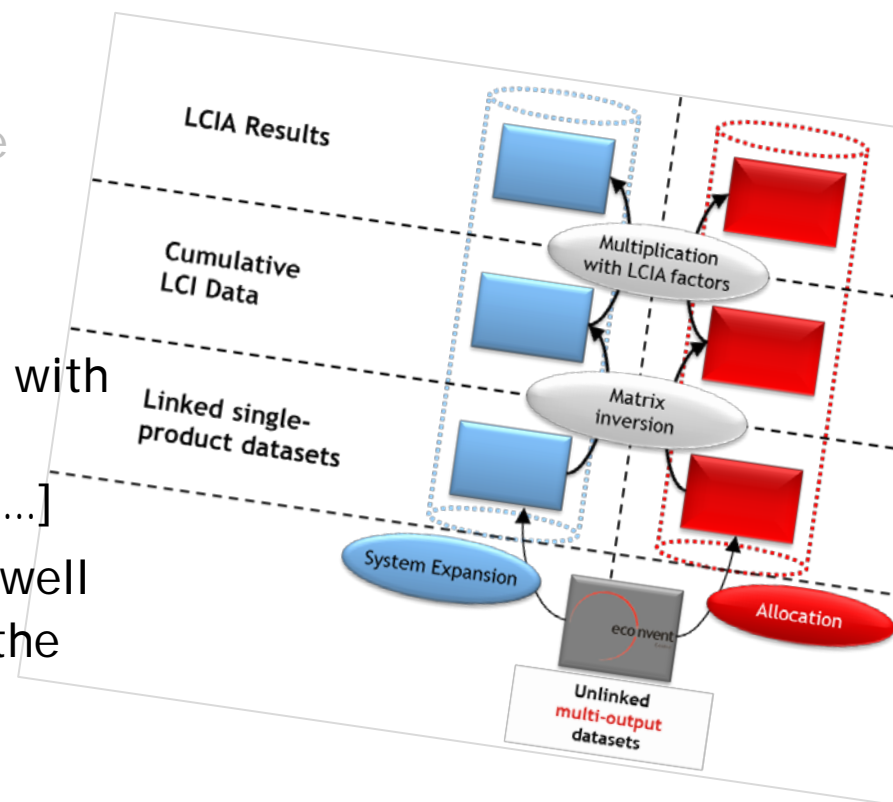

Introduction

ecoinvent v3 - «flexibility» & «simplicity»

- [...]
- 2005-2008 / **Project ecoinvent v2:**
 - ⇒ update and extension of ecoinvent database from v1 to v2 (~4'000 unit processes)
- 2008-2012 / **Project ecoinvent v3:**
 - ⇒ Broad revision of the technical system (and with this, of the structure) of our database [see subsequent presentations this morning ...]
 - ⇒ selective update / extension of content, as well as an adaptation of the existing content to the new database structure

Association

- Since June 18, 2013, ecoinvent is an **independent association** consisting of the five founding institutes as active members.
- With this, ecoinvent has become a not-for-profit organisation whose goal is to ensure further development of a consistent, transparent and trustworthy database for the LCA community as well as for creators of eco-design tools, decision-makers, industry and scientific research.
- This change in its organisational structure allows ecoinvent to be more flexible in its decision making thus ensuring that requests can be dealt with more speedily.

Organisation

- **ecoinvent Board**
strategic management of project, i.e. steering committee
- **group of LCI experts**
maintain and develop the ecoinvent quality guidelines and monitor the implementation as well as the general monitoring and coordination of the development projects
- **Advisory Council**
advisory body to ecoinvent Board and Group of LCI Expert
- **Editorial Board**
responsible for quality control of ecoinvent v3.0. Review, validate and edit all new datasets before inclusion in database

“ecoinvent office”

Responsible for operational management of ecoinvent Centre :

- Gregor Wernet, Executive Manager;
- Emilia Moreno Ruiz, Deputy Manager;
- Tereza Lérová, Data Analyst, and
- Linda Wegelin acts as Marketing & Sales Manager.

... together with **Group of LCI Experts**, the ecoinvent Chief Scientist in person of **Bo Weidema** supports development of scientific & technical aspects
